

Victorian England of 1893

An Introduction

The industrial revolution had been going on for 50 years and English society was changing to catch-up.

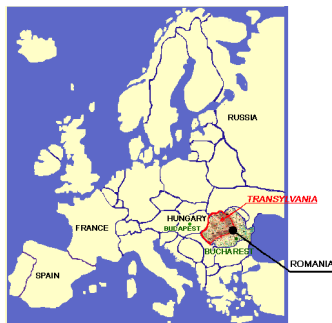

This is power in an agricultural society. In an industrial age, not so much.

The sun never set on the British Empire of 1893

Transylvania – passing from the west to the east and the north to the south

Every man wants his woman on a pedestal

The "Cult of Domesticity"

1. Piety
2. Purity
3. Submission
4. Domesticity
